DETAILED ACTION

1. Applicant's amendment, filed 10/21/05, has been entered.

Claims 1-46 have been canceled previously.

Claims 47-49 have been amended.

Claims 47-55 are pending.

EXAMINER'S AMENDMENT

2. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

3. Authorization for this Examiner's Amendment was given in a telephone interview with John White on 1/19/06.

4. Replace the paragraph beginning on page 1, line 3, as presented in applicant's amendment filed 10/21/05 with the following:

-- This application is a continuation of U.S. Serial No. 07/960,440, filed December 8, 1992, now abandoned, which is a 371 national stage application of PCT International Application No. PCT/US92/01143, filed February 10, 1992, which is a continuation-in-part of U.S. Serial No. 07/653,684, filed February 8, 1991, now abandoned. --

5. Replace claim 49 with the following.

-- Claim 49. (currently amended) The transformed host cell of claim 48, wherein the mammalian cell line cell is GOS COS-7, CHO Chinese hamster ovary-cell-DHFR or a myeloma cell. --

REASONS FOR ALLOWANCE

6. The following is an Examiner's Statement of Reasons for Allowance:

Applicant's amendments and Remarks, filed 10/21/05, have obviated the previous rejection under 35 USC 112, first paragraph, and objections.

As indicated in the previous Office Action, mailed 4/15/05, it appears that the specific structure of the vectors comprising nucleic acids encoding CD4-IgG2 chimeric heterotetramers in the claimed transformed host cells appears free of the prior art.

Art Unit: 1644

Also as indicated previously, applicant's arguments and Exhibits are the same or nearly the same with respect to the structural distinctions and unexpected results associated with the claimed CD4-IgG2 chimeric heterotetramers limitations as presented in related U.S. Patent No. 6,451,313, as acknowledged by applicant's amendment, filed 6/6/02.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
